F. Institutional set-up for liquidity risk management

The Board has the overall reponsibility for management of liquidity risk. The Board/ALCO Committee decides the strategy, policies and procedures to manage liquidity risk in accordance with the liquidity risk tolerance/limits approved by it. The Risk Management Committee (RMC), which is a committee of the Board, is responsible for evaluating the overall risks including liquidity risk.

The meeting of RMC are held at half yearly intervals or when the need arises. The Asset Liability Management Committee (ALCO) is responsible for ensuring adherence to the risk tolerance/limits set by the Board as well as implementing the liquidity risk management strategy. The role of the ALCO with respect to the liquidity risk includes, inter alia, decision on desired maturity profile and mix of incremental assets and liabilities, responsibilities and controls for managing liquidity risk, overseeing the liquidity positions at the entity level
